

Chesapeake Technology Training Workshop

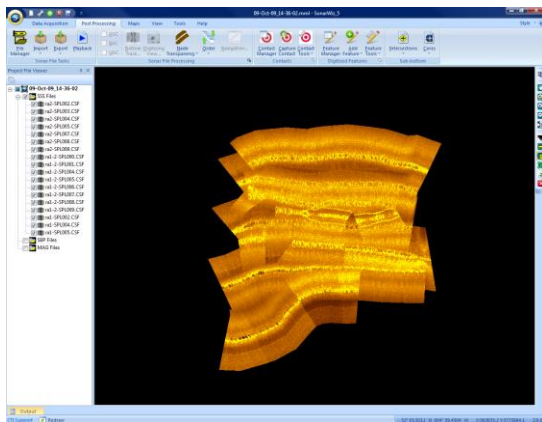

December 1, 2 and 3, 2009

Charleston, SC

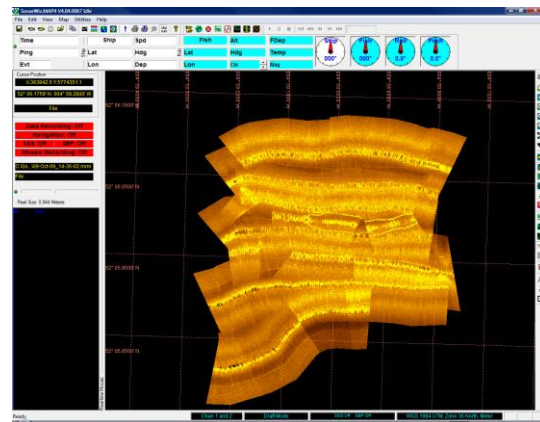

Chesapeake Technology, Inc. is proud to sponsor the 2009 5th Annual Training Workshop to be held Dec. 1-3, 2009 at the College of Charleston in Charleston, South Carolina.

This 2 ½ day workshop will offer in-depth instruction and training on the latest features of SonarWiz.MAP and SonarWiz.MAP+SBP as well as a preview of our next generation product SonarWiz 5. This is a hands-on class that will include a half day of real-time data acquisition aboard the EV Discovery Vessel, courtesy of the SC Department of Natural Resources.

SonarWiz 5

SonarWiz.MAP 4

The class is designed for seasoned Chesapeake users as well as newcomers, so bring your laptop and be prepared to learn new things about your favorite sonar software. The limited class size (50-60) will offer a chance for personalized instruction and training on all functions of the software for both sidescan, sub-bottom and magnetometer data.

Who Should Attend?

Current Users Increase your productivity with SonarWiz.MAP and SonarWiz.MAP+SBP. Obtain advice and tips from the Chesapeake engineering team, share your experience and knowledge with other users, or provide your input for new features and enhancements. Learn and experiment with techniques that will help you process your data more efficiently.

What You Will Learn

Day 1: For Beginners

Set up a Project –

Real-time Data Acquisition and Mosaic Processing Techniques

Mosaic Post-Processing Techniques

Day 2:

Real-time Collection (2 sessions)

Real-time Data Acquisition and Mosaic Processing Techniques

Sub-bottom Data Processing

Magnetometer Processing

Day 3:

Advanced Topics and Wrap-up

Training Hours

Each day's program includes breaks for lunch and refreshments.

Tuesday, Dec. 1

8:30 AM – 9:00 AM Registration
